

# Thanks to Your Generosity...

In June, at the end of our fiscal year, the Pima Library Foundation fulfilled its year-long funding commitment to the Pima County Public Library.

**PIMA LIBRARY  
FOUNDATION**

**15** Pima County adults have received a scholarship for Career Online High School and are working towards earning their High School Diploma.

*"My experience with the program was truly exceptional. As an adult I never imagined I would get a second chance at a high school diploma. I am truly grateful I was given the opportunity. I truly feel like a weight has lifted off my shoulders."* — Ana, a Career Online High School Graduate

**25** Mobile Hotspots were purchased, providing students and their families access to the internet.

*"It helped me a lot to connect [online]. It helped me a lot because taking classes helped me to have confidence in myself."* — an adult learner using Library Mobile Hotspots to connect to English classes with Literacy Connects

**4** Library staff each received a \$2,000 scholarship toward their Master of Arts in Library and Information Science at the University of Arizona.

*"Thank you so much for all the Foundation has done. I am so grateful and honored by your support. I promise to make the most of the upcoming school year and Pima County Public Library adventures ahead of me."*

— **Sara Evins**, Library Technical Assistant,  
Woods Memorial Library
